LIFTS/ELEVATORS

THE COMPLETE LIFT SOLUTION

Short-rise lifts to assist with mobility
and independence.

ENHANCING MOBILITY, ONE LEVEL AT A TIME.

Short-rise lifts offer a smart, reliable solution for navigating porches, steps, and split-level spaces - removing barriers and restoring freedom of movement.

Designed for both residential and commercial environments, they deliver safe, stable and convenient access wherever you need it, indoors or outdoors.

Built to withstand New Zealand weather conditions and everyday use, these lifts provide a smooth and secure ride, making them ideal for wheelchairs, mobility devices, or anyone who prefers a safer alternative to steps.

WHY CHOOSE A QUINN SHORT-RISE LIFT?

- ✓ Manufactured in NZ
- ✓ Space saving design
- ✓ Weatherproof construction
- ✓ Quick installation
- ✓ Reliable operation

DESIGNED FOR SAFETY, BUILT FOR MOBILITY.

Every Quinn lift is crafted with precision engineering and a commitment to long-term performance. From robust components to advanced safety features, each unit is made to deliver dependable, seamless movement day after day.

Built to support a wide range of mobility needs, Quinn lifts provide confidence with every ride - offering smooth operation, secure transitions, and the peace of mind that comes from equipment you can trust.

- ✓ NZ-based support & service
- ✓ Trusted by homeowners nationwide
- ✓ Custom-built options available
- ✓ Expert advice from start to finish

YOUR LIFT SELECTION AND QUOTE REQUEST

Choose the lift style and features you're interested in, then simply scan or take a photo of this page and email it to lifts@quinn.co.nz. Our team will prepare a customised quote and help guide you toward the best mobility solution.
